(1) (1) VRT Bands and rate of Annual Road Tax are valid as of 1st January 2022 and calculated from the base model WLTP values for model year 2027 cars produced from CW18/2026 onwards. All vehicles with TBC are subject to EU type approval and with that were not available at time of going to print. (2) The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). The WLTP provides a more realistic test method for measuring fuel consumption (kWh/100km) and CO<sub>2</sub> emissions and the values stated are correct at the time of publication. For Electric Vehicles (EVs), this includes battery performance and energy consumption (kWh/100km). The values provided reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel or energy consumption (kWh/100km), emissions and achievable range. WLTP range values for standard vehicles may vary depending on equipment and configuration. In practice, actual range and consumption may vary depending on driving style, speed, use of convenience/auxiliary equipment, outside temperature, number of passengers/additional load, and topography. For EVs, factors such as battery age and condition, charging methods, and ambient temperature can also impact range and energy consumption. To discover exact values please configure your desired vehicle at [volkswagen.ie/en/build.html](http://volkswagen.ie/en/build.html). You can discover more about the WLTP at [volkswagen.ie/wltp](http://volkswagen.ie/wltp). Please note that regulations and test conditions are subject to change, and this information may be updated accordingly. You can discover more about the WLTP at [volkswagen.ie/wltp](http://volkswagen.ie/wltp). (3) All prices (Retail, Delivery & ROTR) are recommended by Volkswagen Ireland. €1,485 includes optional Service Plan which can be removed upon request. Maximum delivery charge with Service Plan removed is €1,125. \*Recommended On the Road Price. The new Service Plan is applicable to 261 registrations only. • Importantly note that the rate at which your vehicle pays Vehicle Registration Tax may increase as a result of your vehicle configuration. For more information, please consult your local Authorised Volkswagen retailer. • In accordance with (EU) 2020/740 ("Tire Labeling Regulation"), please visit [volkswagen.ie](http://volkswagen.ie) configurator for details relating to the tyres applicable to said vehicles. • Please note every effort has been made to ensure the contents of this publication (including RRP, CO<sub>2</sub>, fuel consumption and technical information) were accurate and up-to-date upon publishing on February 24th. Volkswagen Ireland reserves the right to change specification, prices and withdraw products from sale without notice. Any such alternations will be notified to Volkswagen Retailers at the earliest opportunity. Please consult your local Authorised Volkswagen retailer for the latest product information. • 3 Years Tyre Insurance covers tyres that are damaged by an Insured Event. Exclusions do apply. - VRT Bands and rate of Annual Road Tax are valid as of 1st January 2022 and calculated from the base model WLTP values for model year 2027 cars produced from CW18/2065 onwards. All vehicles with TBC are subject to EU type approval and with that were not available at time of going to print.
- The specified fuel consumption and emission values are the official figures obtained from tests under standardised EU test conditions in accordance with the Worldwide Harmonized Light Vehicles Test Procedure (WLTP). The above values reflect the standard vehicle excluding additional equipment such as optional extras and accessories which may have an effect on the fuel consumption (l/100km) and CO<sub>2</sub> emissions produced. WLTP range values for standard vehicles may vary depending on equipment. In practice, the actual range varies depending on driving style, speed, use of convenience/ auxiliary equipment, outside temperature, number of passengers/additional load, and topography. To discover exact values please configure your desired vehicle at [volkswagen.ie/build](https://www.volkswagen.ie/build). You can discover more about the WLTP at [volkswagen.ie/wltp](https://www.volkswagen.ie/wltp).
- Importantly note that the rate at which your vehicle pays Vehicle Registration Tax may increase as a result of your vehicle configuration. For more information, please consult your local Authorised Volkswagen retailer.
- In accordance with (EU) 2020/740 ("Tire Labeling Regulation"), please visit [volkswagen.ie](https://www.volkswagen.ie) configurator for details relating to the tyres applicable to said vehicles.
- Please note every effort has been made to ensure the contents of this publication (including RRP, CO<sub>2</sub>, fuel consumption and technical information) were accurate and up-to-date upon publishing on February<sup>4th</sup>. Volkswagen Ireland reserves the right to change specification, prices and withdraw products from sale without notice. Any such alternations will be notified to Volkswagen Retailers at the earliest opportunity. Please consult your local Authorised Volkswagen retailer for the latest product information.
